

How to Typeset Your Abstract in L^AT_EX

TARO JOHO¹ HANAKO SHORI²

1. About DICOMO abstract template

This file is a L^AT_EX template for abstract writing, based on DICOMO2017 full paper format. With this file you are expected to submit a 1 page abstract for DICOMO2017 application.

2. Notices for abstract writing

- Abstract volume
The abstract must be contained in 1 page, including title, author, affiliation and summary of the work.
- Chapters
There is no need to provide multiple chapters. One chapter for an abstract is enough. Use of paragraphs, itemization that make the content readable are recommended.
- Figures and tables
You can add figures and/or tables to clarify the advantages of your work.
- References
You can add references.
- Relationship with camera-ready submission
This abstract is not published. You can use this abstract as a draft for your camera-ready submission.
- Bibliographic information alignment
This abstract's bibliographic information submitted at the same time (title, author, affiliation, keywords etc.) is used for DICOMO2017 session arrangement and publication. Keep integrity of the information to avoid mistakes.
