

How to Typeset Your Abstract in L^AT_EX

TARO JOHO¹ HANAKO SHORI²

1. About DICOMO abstract template

This file is a L^AT_EX template for abstract writing, based on DICOMO2023 full paper format. With this file you are expected to submit a 1 page abstract for DICOMO2023 application.

2. Notices for abstract writing

- Abstract volume

The abstract must be contained in 1 page, including title, author, affiliation and summary of the work.

- Chapters

There is no need to provide multiple chapters. One chapter for an abstract is enough. Use of paragraphs, itemization that make the content readable are recommended.

- Figures and tables

You can add figures and/or tables to clarify the advantages of your work.

- References

You can add references.

- Relationship with camera-ready submission

This abstract is not published. You can use this abstract as a draft for your camera-ready submission.

- Bibliographic information alignment

This abstract's bibliographic information submitted at the same time (title, author, affiliation, keywords etc.) is used for DICOMO2023 session arrangement and publication. Keep integrity of the information to avoid mistakes.
